

Make Up List

These are things that you purchase from a product of your choice. Remember all these products should be purchased to match your dancers skin tone. Depending on your dancers age they may not need things such as concealer and contour, but everyone does need to wear foundation.

- Concealer
- Foundation
- Contour
- Blush
- Highlight
- Mascara
- Black Liquid Eyeliner (We recommend a felt tip rather than a brush)
- Hair Elastics that match the colour of your dancer's hair
- Hair Spray
- Bobby pins that match the colour of your dancer's hair
- Comb
- Make up remover wipes or Make up remover cloth (we recommend the make-up remover cloths. They are machine washable and produce less waste)
- Eyelash Glue (sometimes you need to purchase this separately from your eyelashes, sometimes it comes with it)
- Beauty sponge or make-up brushes (using your finger and hands to apply things is not ideal)
- Make up Primer (this isn't mandatory but I do recommend it)
- Setting Spray (this isn't mandatory but I do recommend it)

These are the products you need to purchase that are the same:
